

ACT

Against Corruption Today

CANDIDATE PLEDGE

As an electoral candidate in the Cayman Islands I recognize that corruption is a complex economic, political and social challenge that threatens democracy, sustainable development, the rule of law, and the welfare and health of our citizens, and that the corrosive influence of corruption extends to the spread of financial crime and other illicit activities that pose threats to the security, good order and well-being of our society;

I believe and reaffirm the need to establish and nurture a culture of integrity among citizens, public officials and private sector officials; and

I pledge to do my part as a responsible candidate by saying no to corruption and reporting any incidents of corruption or election-related offences to the Anti-Corruption Commission or the Elections Office.
